Welcome from the President

Hello everyone!

It's so close to Christmas now. Or 2017, which is even more scary. What a year it has been!! I have finished my degree at uni (or will have with my last exam next week), and am looking forward to what 2017 brings.

Before that, however, there are some fun things coming up which I hope you'll come to. The Christmas Shopping night is lots of fun, and the champagne is always delicious! If you can't make it to that, then be sure to come to the gallery Christmas party, and put something in the Christmas hamper for the raffle!

The raffles we have been doing have been amazing for the gallery, thanks to the efforts of Marg and Dot, and I'm sure the Christmas raffle will be just as successful.

Thank you everyone for your donations!!

Welcome to our new members and volunteers!!

Keep on making art and hope to see you soon.

Jessica

Membership for 2017 is due on 31st December 2016.

**THE NEXT MEETING OF THE REGIONAL ARTS GROUP WILL BE HELD ON
WEDNESDAY 16th NOVEMBER
ALL MEMBERS ARE WELCOME TO ATTEND.**

KAY READING

Kay Reading (KatiJ Made in the Shade) Designs

My journey with clay began many years ago when I decided to learn pottery & which I did for about 12 months but unfortunately my life was far too busy to continue due to Family & Work commitments.

When I retired for the 1st time, my Husband & I travelled throughout the NT & WA, we fell in love with Kimberley & decided to stay a while which turned out to be 9 years.

We began our adventure in Kununurra, after a while I was invited to join the local pottery group, well that was it, my passion was reignited, my designs took on a Kimberley feel, the magnificent Boab Trees appeared regularly on my work & the Kimberley colours & textures, what great inspiration!

After 5 years in the East Kimberley we moved to Broome, it was here that KatiJ 'Made in the Shade' began, I was keen to share my love of pottery & regularly encouraged friends to spend an afternoon under my beautiful mango trees, where I held very informal workshops, free of charge of course. One of the most important lessons we learnt, was you need to drink the wine out of plastic flutes as clay hands are very slippery & it is truly amazing how much talent people have when they just relax, feel the clay & create. I was very fortunate to have a couple of good outlets & a great group of followers but all things come to an end & it was time to move on.

Queensland is home & after I retired for the 2nd time, we moved back. Cardwell & the Hinchinbrook Area, has been a favorite area of ours for a number of years, so we decided to make this beautiful little town our new home. Again the surrounding beauty & colours are so inspiring, so completely different to the Kimberley but so very amazing.

My Kiln & wheel have travelled almost as far around this country as me & thanks to a local electrician it is working better than ever & I am once again able to continue my love affair with clay.

And so the next chapter of my life begins.

TRISH OGDEN

re-purposed - rescued - retrieved art from lost things - whimsical art

Trish has lived in the Kennedy area for many, many years. She spent a number of years working as a teacher's aide at Kennedy State School and the school grounds and building are still adorned by the many murals she assisted and inspired past students to create. Much of this work reflected the wildlife of the local area.

Her current work is created from an eclectic collection of re-purposed, rescued and retrieved items, with many from mechanical mechanisms, old typewriters and watches. These items are added to a myriad of seemingly random jewels, chains, odds and ends to create cryptic and unique pieces of art.
